

## Here is what one mom had to say...

The bag was my favourite!! I couldn't wait to use it.

It fits in so much! The pockets are great as they can store all the goodies needed neatly, I still have tons of space in the bag which is ridiculous as my old bag was always too full.

The colours are great and the dimensions are perfect.

It's not bulky and the changing mat is nice and thick and won't break easily.

The inside of the bag is really nice being a light colour as if something messes its easy to see and with the fabric easy to clean.
